TA-INC.COM--Thorburn Associates Announces World Wide Web Page

(San Francisco, CA) June 9, 1995--Thorburn Associates Inc. (TA), a full service acoustical consulting and audiovisual system design firm, announces their presence on the Internet with a World Wide Web page at <http://www.TA-Inc.com>. This Web page and e-mail address, TA@TA-Inc.com, will provide national and international clients with a more efficient way to communicate with the principals at TA and keep abreast of emerging technologies.

Effective 7 June 1995, TA's Web page will post firm qualifications and capabilities as well as educational information directed toward architects, engineers, facility managers, telecommunications personnel, and various others in the building, design, renovation, and construction industries. Clients will now have the ability to send e-mail messages as well as transfer files. Company newsletters will also be available on-line.

TA's most recent projects include San Francisco's Pier 39, Lotte Sky Park in Korea, White Hutchinson's Family Entertainment Center in Venezuela, Kaiser Santa Clara Hospital, San Jose State University, West Palm Beach Emergency Operations Center, Beele Street Lofts, and Quantum Video Conferencing Suites.
