

**CURRENT/RECENT PROJECTS**

<b>Charles Greene Library</b> Michael Willis & Associates	Room acoustics, sound isolation, and HVAC noise control for the renovation of this historic library. This 18,000 square foot library was built in 1902, but suffered damage in the 1989 earthquake.	<b>Oakland, CA</b>
<b>McAuliffe Elementary School</b> The Steinberg Group	Selection of acoustical wall finishes and recommendation of HVAC noise control for the classrooms and library at this new school.	<b>Saratoga, CA</b>
<b>New Orchard Elementary School</b> The Steinberg Group	Room acoustics, sound isolation, and mechanical noise and vibration control services were provided for this 850-student school. Area included classrooms, the library, a tech center, a multi-purpose room, and conference rooms.	<b>San Jose, CA</b>
<b>Windsor Middle School</b> Quattrocchi Architecture	Acoustical recommendations for room finishes, ceiling constructions, and mechanical noise control for a new middle school. Rooms at the school include four clusters of classrooms, a cafeteria/multi-purpose facility with a stage, a library/media center, administration space, and a gymnasium with locker rooms.	<b>Windsor, CA</b>
<b>Davis High School</b> The Steinberg Group	Provided acoustical details for a new 33,000 square foot library/classroom building with a convex curved ceiling. The 2-story building has an 18,000 square foot library for 2500 students, 10 classrooms, textbook storage, and processing areas.	<b>Davis, CA</b>
<b>Old Courthouse Museum</b> Siouxland Heritage Museums	Designed loudspeaker placement and subtle room finish details to improve acoustics in a 2,400 square foot historic courtroom and law library with seating for over 300 people. The main goal of the renovation was to improve the acoustics without significantly altering the original appearance of the courtroom.	<b>Sioux Falls, SD</b>
<b>Barrow Cultural Center</b> Mullins Acoustics	Design of a background music/PA system for several different zones within the facility. Additionally reviewed the acoustical character of the building which alternately serves as a museum, library, and a community center.	<b>Barrow, AK</b>

Past projects are personal experience of TA principals
